

MetaMask

How to participate in the XDCE ICO via Metamask Wallet?

Step 1: Visit <https://metamask.io/> and install the Chrome extension.

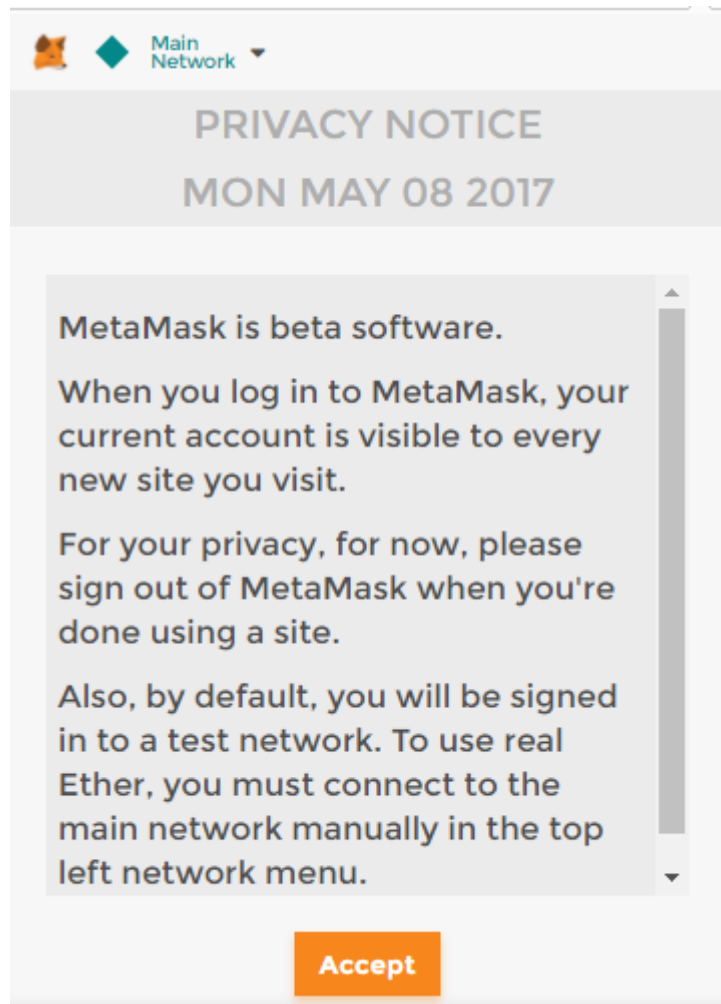

Note: If you open other tab or navigate to existing tabs you have to manually click again on Metamask extension located on right corner of your browser

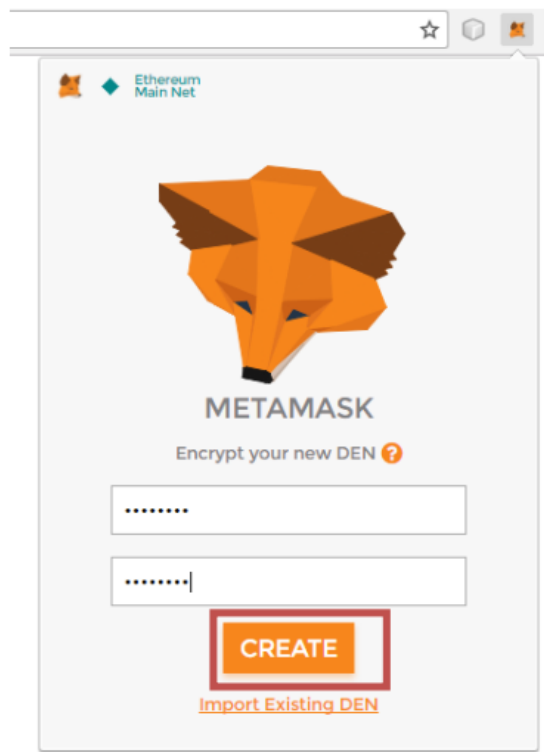

Click on Metamask
extension

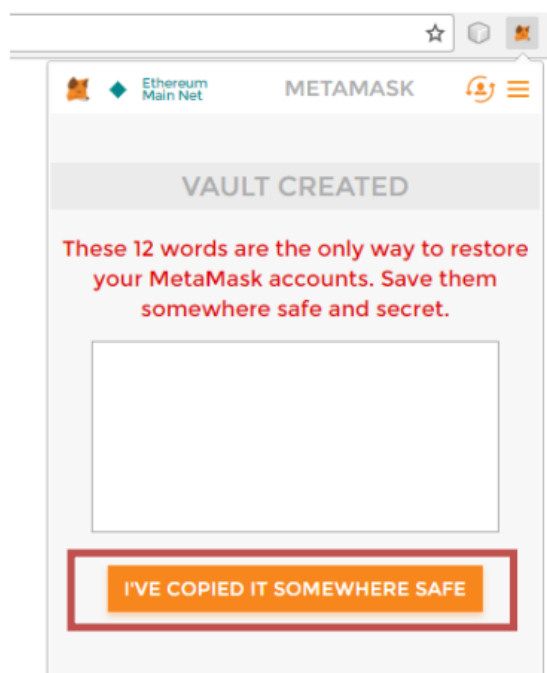

Step2: Click on extension. Do read Privacy notice carefully and then click on accept button.

Step 3: Enter a secure password and press “Create”.

Step 4: Save the seed on a secure place (in word pad/notepad etc.) This is the only way to restore your Metamask account.

Step 5: Click to “Send” button. Copy XDCE contract address from the xinf.io

Or enter “**0x41AB1b6fcbB2fA9DCEd81aCbdeC13Ea6315F2Bf2**” and paste it in contract address position. Enter ether amount you want to send it can be 0.1, 0.11, 0.5, 1 etc. click next and then click on submit button.
